

United Overseas Bank

4Q25 – operationally in-line; AQ/WM should drive 2026 re-rating

Maintain Rating: BUY | PO: 39.00 SGD | Price: 38.80 SGD

4Q25 – 71c final dividend announced

UOB reported 4Q25 net profit of S\$1.4 bn (+229% QoQ/-9.5% YoY) – operationally in line with our estimates. NIMs expanded 2 bp QoQ, fees rose 10% YoY, opex was well managed at -1.9% YoY, credit costs in line at 13 bp (19 bp on loans), partially offset by weak trading income (-40+% QoQ/YoY), tepid loan growth (+0.3% QoQ), and a miss on final dividend payout (71c vs. high 70s consensus). Overall, a decent quarter with structural drivers largely intact. Credit costs normalized in 4Q25, and management remains confident of its current exposures given pre-emptive buffers already set in place. AQ issues largely confined to singular HK/US CRE accounts.

FY26 guidance on fees lowered – 1) 1.75-1.80% NIMs, 2) LSD loan growth; 3) Low single digit opex YoY; 4) 25-30 bp total credit costs maintained. HSD-LDD fee growth revised down to HSD.

Maintain Buy with PO S\$39 – we see better risk-reward in UOB (compared to DBS) with current valuations (1.2x P/B, 11x P/E) already pricing in AQ stress. Valuations are attractive and better AQ/WM performance should drive re-rating in 2026.

Hits > misses – resilient NIMs positively surprise

Hits – NIM expansion, healthy fees, cost control – 1) NIMs expanded 2 bp QoQ on 19 bp contraction in funding costs; 2) fee income was healthy with 10.1% YoY growth, driven by a 14% increase in wealth fees. Net new money disappointed at S\$1 bn for the quarter, but % invested AUM rose to 42% (from 40% previous qtr).

Misses – tepid loan growth, weak trading income, dividends cut – 1) loan growth recorded 0.3% growth QoQ, in part due to strong 3Q / realization of deals towards end of 3Q; 2) trading income came in weak at -40+% growth on both QoQ and YoY basis, in part due to seasonality; 3) final dividend announced at 71c, down ~23% YoY.

Company Sector

Banks-Multinational/Universal

Company Description

UOB has a well established SME and mass affluent consumer banking platform in Singapore. It is controlled by the Wee family. UOB has a diversified regional footprint across Singapore, Malaysia, Indonesia, Thailand and China. The UOB Group has a network of more than 500 offices in 19 countries and territories in Asia Pacific, Western Europe and North America.

Investment Rationale

We rate UOB Buy. As we enter the rate cut cycle, UOB's lower NIM sensitivity, scope for higher contribution from ASEAN businesses, better wealth management yields and operating efficiency seem under-appreciated by the market. We expect positive surprises on two fronts - a rebound in ASEAN contribution and a more vibrant regional wholesale business. Hence we expect DBS's valuation premium over UOB to narrow.

BofA GLOBAL RESEARCH

NIM

- **4Q25 NIMs expand 2 bp QoQ to 1.84%** – driven by a 19 bp decline in funding costs. Implies 4Q exit of about 1.86% (from 3Q exit of 1.82%). Jan exit reported at 1.82%.
- **FY26 1.75-1.80% NIM guidance reiterated** – Dec UOB One deposit rate cut to flow through in 1Q, but offset by asset yield and volume/mix pressures.

Growth

- **4Q25 loan growth tepid at 0.3% QoQ**
- **FY26 low single digits guidance reiterated.**

Non-II

- **4Q25 non-II growth -6.4% YoY** – in part due to seasonality. Fee income rose 10.1% YoY, driven by a 14% increase in WM fees. WM saw net new money of S\$11 bn for the full year (implying 4Q S\$1.0-1.5bn net new money).
- **FY26 fee growth guidance of high single to low double digits lowered to high single digits**

Cost efficiency

- **CIR fell to 46.5%** on weaker top-line growth
- **FY26 low-single digit opex growth guidance reiterated** – core spending on tech, infrastructure, compliance to continue.

Asset quality

- **4Q25 credit costs falls to 13 bp** – consisting of 26 bp SP to loans, -20 bp SP to non-loan assets and 6 bp GP. GP on loans was reported at -7 bp.

UOB continued to observe stress in singular HK / US CRE accounts which are well secured. These accounts were largely anticipated (relating to pre-emptive GP top-up in 3Q).

UOB also saw some stress in local SMEs, with 2H25 SP in Singapore rising to S\$124 mn, but said to be largely one-off.

- **FY26 total credit costs 25-30 bp guidance reiterated**

Capital – no change to capital management policies

- **Final dividend of 71c announced** – implying core payout ratio of 50%.
- **Dividend payout ratio reiterated at 50%** – any changes to be announced in second half of the year. Mgmt. pointed out that with LSD loan growth expectations, UOB is likely to continue accreting capital, which may give some flexibility beyond 50% core payout ratio.

Price objective basis & risk

DBS Group (DBSDF; A-3-7; S\$58.15 / DBSDY; B-3-7; S\$183.02)

Our PO of S\$53.00 (US\$162.86) is derived using a Gordon growth model, which assumes a sustainable ROE of 16.2%, cost of equity of 8.7%, and a long-term growth rate of 2.0%. This implies a warranted PBV of 2.1x.

Downside risks to our PO are: protracted global economic slowdown and a significant deterioration in the asset quality environment. Upside risks to our PO are: better than expected macro recovery, faster-than-expected execution of digital strategy boosting operational efficiency, and more active capital management.

United Overseas Bank (UOVEF / UOVEY)

Our PO of S\$39.00 (US\$59.95) is derived using a Gordon growth model, which assumes a sustainable ROE of 12.5%, cost of equity of 9.5%, and a long-term growth rate of 2.0%. This implies a warranted PBV of 1.4x.

Downside risks: protracted global economic slowdown, significant asset quality deterioration and high employee/customer attrition from announced acquisition of Citi's consumer banking operations in Thailand, Indonesia, Malaysia and Vietnam. Upside risks: stronger than expected macro recovery and better than expected pick-up in rate cycle.

*IQmethod*SM is the set of BofA Global Research standard measures that serve to maintain global consistency under three broad headings: Business Performance, Quality of Earnings, and validations. The key features of iQmethod are: A consistently structured, detailed, and transparent methodology. Guidelines to maximize the effectiveness of the comparative valuation process, and to identify some common pitfalls.

IQdatabase[®] is our real-time global research database that is sourced directly from our equity analysts' earnings models and includes forecasted as well as historical data for income statements, balance sheets, and cash flow statements for companies covered by BofA Global Research.

*IQprofile*SM, *IQmethod*SM are service marks of Bank of America Corporation. *IQdatabase*[®] is a registered service mark of Bank of America Corporation.

This document is for authorized use as per agreement with S&P Global Market Intelligence Inc.

Equity Investment Rating Distribution: Banks Group (as of 31 Dec 2025)

Coverage Universe	Count	Percent	Inv. Banking Relationships ^{R1}	Count	Percent
Buy	113	54.07%	Buy	90	79.65%
Hold	55	26.32%	Hold	44	80.00%
Sell	41	19.62%	Sell	33	80.49%

Equity Investment Rating Distribution: Global Group (as of 31 Dec 2025)

Coverage Universe	Count	Percent	Inv. Banking Relationships ^{R1}	Count	Percent
Buy	1869	53.99%	Buy	1069	57.20%
Hold	834	24.09%	Hold	481	57.67%
Sell	759	21.92%	Sell	383	50.46%

^{R1} Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster ^{R2}
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

^{R2} Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. Coverage Cluster is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

Price Charts for the securities referenced in this research report are available on the [Price Charts website](#), or call 1-800-MERRILL to have them mailed. BofAS or an affiliate was a manager of a public offering of securities of this issuer within the last 12 months: DBS. The issuer is or was, within the last 12 months, an investment banking client of BofAS and/or one or more of its affiliates: DBS, UOB. BofAS or an affiliate has received compensation from the issuer for non-investment banking services or products within the past 12 months: DBS, UOB. The issuer is or was, within the last 12 months, a non-securities business client of BofAS and/or one or more of its affiliates: DBS, UOB. In the US, retail sales and/or distribution of this report may be made only in states where these securities are exempt from registration or have been qualified for sale: DBS, UOB. BofAS or an affiliate has received compensation for investment banking services from this issuer within the past 12 months: DBS. BofAS or an affiliate expects to receive or intends to seek compensation for investment banking services from this issuer or an affiliate of the issuer within the next three months: DBS, UOB. BofAS or one of its affiliates is willing to sell to, or buy from, clients the common equity of the issuer on a principal basis: DBS, United Overseas Bank. The issuer is or was, within the last 12 months, a securities business client (non-investment banking) of BofAS and/or one or more of its affiliates: DBS, UOB. BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall profitability of the Bank's sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel expenses from the issuer for such visits.

Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.

The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

Recipients who are not institutional investors or market professionals should seek the advice of their independent financial advisor before considering information in this report in connection with any investment decision, or for a necessary explanation of its contents.

Officers of BofAS or one or more of its affiliates (other than research analysts) may have a financial interest in securities of the issuer(s) or in related investments.

Refer to [BofA Global Research policies relating to conflicts of interest](#).

'BofA Securities' includes BofA Securities, Inc. ('BofAS') and its affiliates. Investors should contact their BofA Securities representative or Merrill Global Wealth Management financial advisor if they have questions concerning this report or concerning the appropriateness of any investment idea described herein for such investor. 'BofA Securities' is a global brand for BofA Global Research.

General Investment Related Disclosures:

Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.

This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.

Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are largely unregulated. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such

securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.

BoFA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BoFA or one of its affiliates is a regular issuer of traded financial instruments linked to securities that may have been recommended in this report. BoFA or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments discussed in this report.

BoFA Securities, through business units other than BoFA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BoFA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.

In the event that the recipient received this information pursuant to a contract between the recipient and BoFA for the provision of research services for a separate fee, and in connection therewith BoFA may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BoFA has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BoFA). If such recipient uses the services of BoFA in connection with the sale or purchase of a security referred to herein, BoFA may act as principal for its own account or as agent for another person. BoFA is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

BoFA Global Research utilizes AI, including machine learning and other technologies, to enhance the services we provide to our clients. These technologies assist our analysts in various aspects of their work, including but not limited to data analysis, content extraction, content creation, data aggregation and summarization and identifying relevant information from diverse sources. All AI-driven processes are subject to review by BoFA Global Research employees. BoFA Global Research information is distributed simultaneously to internal and client websites and other portals by BoFA Securities and is not publicly-available material. Any unauthorized use or disclosure is prohibited. Receipt and review of this information constitutes your agreement not to redistribute, retransmit, or disclose to others the contents, opinions, conclusion, or information contained herein (including any investment recommendations, estimates or price targets) without first obtaining express permission from an authorized officer of BoFA Securities.

Materials prepared by BoFA Global Research personnel are based on public information. Facts and views presented in this material have not been reviewed by, and may not reflect information known to, professionals in other business areas of BoFA Securities, including investment banking personnel. BoFA Securities has established information barriers between BoFA Global Research and certain business groups. As a result, BoFA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BoFA Global Research personnel's knowledge of legal proceedings in which any BoFA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BoFA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BoFA or any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BoFA Global Research policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.

Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.

Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.

The information herein (other than disclosure information relating to BoFA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BoFA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website.

Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BoFA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BoFA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.

All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BoFA Securities is under no obligation to update this information and BoFA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BoFA Securities will not update any fact, circumstance or opinion contained herein.

Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BoFA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.

Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.

In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BoFA or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.

Neither BoFA Securities nor any officer or employee of BoFA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.
